Internship

Programmer Analyst Intern **January 2026 - Present**
Cognizant Technology Solutions India Pvt Ltd - Chennai

- Completed intensive enterprise training focused on building scalable e-commerce applications using **Java Spring Boot and React**.
- Designed RESTful backend services using **Spring Boot MVC architecture** with layered structure (Controller → Service →Repository)
- Designed and managed relational database schemas using **MySQL (ANSI SQL)** and integrated persistence using **Spring Data JPA and Hibernate ORM**.

Admission Counselor **June 2023 - July 2023**
Lovely Professional University - Punjab

- Demonstrated strong leadership by organizing and managing counseling sessions effectively.
- Enhanced communication abilities through consistent engagement with diverse student groups.

Projects

Expense Tracker | *Java, Spring Boot, JDBC, MySQL, JWT, MVC, React.js, Maven, Docker, REST* APIs
January 2026

- Designed RESTful backend services using **Spring Boot MVC architecture** with layered structure (Controller → Service → Repository).
- Engineered a **JWT-secured RESTful backend** using Spring Boot and Spring Security, supporting user authentication, Google OAuth2 login, and protected API endpoints.
- Designed MySQL schema with **10+ relational tables** and optimized queries using JDBC. Developed over **10+ REST endpoints** handling expense/income CRUD operations with user-specific data isolation.
- Github Repository Link: https://github.com/sumit18950/Expensetracker

Student Feedback System | *Streamlit, SQLite, Pandas, Matplotlib* **December 2025**

- Developed an interactive **web application** for collecting and analyzing student feedback using **Streamlit**.
- Designed and managed the **SQLite database schema** with relational tables for courses and feedback, ensuring data integrity via constraints and foreign keys.
- average rating metrics and built **data visualizations** using **Pandas** and **Matplotlib** to display rating distributions and enhance insights for decision-making.

Certificates

Python, Data Science & Machine Learning Integrated **August 2024**
CipherSchools — Certificate Link

Responsible and Safe AI Systems **October 2024**
NPTEL — Certificate Link

Mastering Data Structures and Algorithms using C and C++ **November 2023**
Udemy — Certificate Link

Technical Skills

Languages: Java, R programming, SQL, Python, JavaScript

Technologies/Frameworks: SpringBoot, Maven, JDBC, React.Js, Rest APIs, NumPy, Pandas, Matplotlib, Git,

Skills: Data Structures and Algorithms, Problem-Solving, NLP

Education

Lovely Professional University **2022 – 2026**
Computer Science and Engineering — CGPA: 7.53 *Jalandhar, Punjab*

Divya Bhaskar Public School **2020 – 2022**
12th with Science — Percentage: 80% *Bhojpur, Bihar*

D.A.V Public School **2019 – 2020**
10th with Science — Percentage: 82% *Rohtas, Bihar*
